

Nadia Reynolds

Special Needs Education Assistant

Catholic Education WA

Nadia Reynolds has been an SNEA for 6 years, working in a unit with a variety of students with additional needs as well as transitioning a student from the unit to a mainstream classroom.

It is however, her time working with one student with ADHD/ODD over a 3 year period with 3 different teachers that has given her insight into how a whole school approach can achieve successful student engagement and positive peer and school community relationships.

Nadia has been Chairperson of WAATA since 2016 and was Conference Coordinator from 2016-2017.

She is passionate about students with additional needs being supported to reach their potential.

Nadia is keen to advocate for EA's as they are an essential factor for student success and therefore require regular professional development to achieve this.
